HOAGLAND'S
NEW PATENT SHAFT COUPLING!
W. E. COOPER
HAS PURCHASED THE RIGHT FOR THIS County of the above Patent, and will hereafter use it in the construction of all the Vehicles manufactured at his extensive
Carriage Factory,
Corner of Second and Morrison Streets.
He respectfully refers to the following
CARD.
Having examined the New Patent Shaft Coupling, invented by D. R. Hoagland, we feel pleasure in informing the public that in our opinion it is the safest and best method of connecting shafts or tongues to all vehicles that has ever been used.
It fastens without bolt or screw, and is therefore, easily and speedily separated. It rests on Gutta Percha so as to be entirely free from thorsattling sound which so often disturbs restless horses. It is easily changed so that the shafts or tongue may be detached in an instant, and is convenient, safe and secure.
It is easy to change to this style of coupling any buggy or other vehicle now in use, and with small expense. We have come to the conclusion to use this new invention ourselves and recommend its use in all cases. We consider it far superior to the Brewster Patent, heretofore considered the best in use.

A grand Republican demonstration will be made here to morrow in honor of the victims of the revolution of 1868. The National Pantheon will be inaugurated, and the remains of illustrious Spaniards will be conducted by a procession through the streets and deposited in that edifice with appropriate ceremonies. Disturbances are apprehended, which the Government is taking precautions to prevent.
Gen. Pesura has been taken to Cadiz, where he will be tried by court martial.
The Republican members of the Cortes are about to issue a manifesto advising supporters to swear allegiance to the constitution if positively required. The clergy consider it their policy to reject the oath as a body. The Republican demonstration here was large and passed off quietly.
BERLIN, June 22.—At the session of the Zollverein, when the King concluded, Bismarck, as the Federal Chancellor, advanced and declared the session of Zollverein closed. Thereupon the Deputies of the German States withdrew. The King then delivered the closing speech to the members of the Reichstag. He complimented them on their zeal and activity, but regretted the failure of complete financial arrangements to meet deficiencies of the budget. He referred to the new naval port at Heppers as a monument to Europe, showing the energy and intelligence with which, for thirteen years, the German people had struggled against disorder to perform a national task. The confederation was reassuming the expression of the sentiment of the nation which, with increasing power, was penetrating all parts of Fatherland. This, in connection with the agreement and activity of the Federal Government and national representatives for the welfare of the country, merited the confidence of Germany in the maintenance of internal and external peace. Both speeches were received with enthusiastic cheers by the Deputies.
FLORENCE, June 22.—The official newspaper says that Digues' financial scheme has not been abandoned, as reported. It will be slightly modified and again presented to the Chamber. The Government is determined to abolish forced currency.
PARIS, June 22.—Advices from Rio are to the 23d of May.
The war news from Parana is meagre.
The Emperor of Brazil opened the sessions of the Chamber in a conciliatory speech. He complimented the Allied forces for their success over the Paraguayans, and called the attention of the deputies to the necessity for a loan in order to carry out a system of internal reforms, which he announced in detail. He was silent in respect to the slavery question.

Washington Territory Affairs—Gov. Flanders Shown Up.

LETTER FROM ANDERSON COX.

From the Walla Walla Union.]
WAITSBURG, June 12, 1869.

I deem it due to friends, as well as to myself, to make the following explanatory statement in answer to many inquiries, both public and private, as to why I failed to receive the appointment of Governor of this Territory. It is well known that through friends, I sought in an honorable manner this position; no resort was had to anything censurable. In the first place, Mr. Flanders claimed to be under obligations to me for his nomination for delegate to Congress, and in view of this proposed to secure for me the Governorship. He induced me to believe that he could control the appointment, telling me that he knew Gen. Grant, in California, and that he would renew his acquaintance at the Capital. When at Washington he wrote me that he had talked with the President and that "all was right." Before leaving for the Capital, however, he requested me to make no effort myself, as he wished to have the honor of my appointment, as I had that of his nomination, so I should feel that he had freely procured it for me. After this, many friends in Oregon, who had known me near twenty years, sent a petition to Senators Williams and Corbett, asking them to use their influence for my appointment, also a petition was sent from this county, signed by a respectable number of the most prominent Republicans, asking Mr Flanders to secure me the appointment; and I have also learned that another application was sent from Puget Sound country, urging Mr. Flanders to secure that position for me.
Mr. Flanders, while at Washington, wrote me often, assuring me that "there was nothing in my way; that I should have the appointment." In one of his letters to me he said, "my heart is set upon this matter, if will be the first thing that I shall ask for," and in another letter he said, "I am anxious for the time to come when I will be able to satisfy you that forgetfulness or ingratitude forms no part of my composition." And again he said in another letter to me, "when I shall have the honor of sending you your commission as Governor of Washington Territory, then I shall feel that I in part have discharged my obligations to you." Besides this he has written letters to various persons throughout the Territory, asserting them that "I should be the next Governor of Washington Territory," and once Mr. Flanders has returned to the Territory, he has declined to give any explanation to me or friends, although repeatedly requested to do so. I am therefore forced to believe that he has perfidiously, and ungratefully, appropriated the office to himself. He has in the estimation of all good and true men, ignored sacred pledges and repudiated pecuniary obligations in which personal and political friends were implicated, and for the payment of which they were in honor bound; and whilst I have been deceived and cheated by this false and faithless friend, I do not feel dishonored by anything I have done, but have reasons to believe that the people of the Territory feel equally disappointed, and had I failed in competing with honorable aspirants, no complaint would have come from me, but to have this nefarious ingrate, who has acknowledged himself to be under the most sacred obligations to me, steal and appropriate it to himself, is intolerable
In conclusion, I will say that for my failure I attach no blame to President Grant or to any of my friends at Washington, but alone to Mr. Flanders and his man Friday—Mr Ritz—who it is believed combined to procure positions for themselves without endorsements from the people of the Territory. I will now close this unpleasant subject by expressing my sincere thanks to my friends for the interest they have taken in my behalf in this matter.
ANDERSON COX.

MURDER WILL OUT.—The Jacksonville *Sentinel* has the following
We are under obligations to Mr. Edwin Smith of this place for the following information regarding the supposed murderer of Mrs Long, on Applegate in 1864 Mr Smith's informant is A. Graham, now living on Trail creek, who says that his brother was a deputy sheriff in Humboldt county, Cal., and had a warrant to arrest a desperado named Hugh Burton. In making the arrest Burton was killed, and in his possession a gold watch, two gold rings and some other jewelry, with initial letters, were found Two bracelets which he had given to his squaw were also recovered. Graham states that Burton was known in this county by the name of Williams, and that his eyes were always bloodshot, caused by his having been once hanged in California to extort a confession from him in regard to stealing. Burton's squaw stated that he had killed a white woman near Jacksonville, in Oregon, and that the jewelry was taken from her house. The watch and article of jewelry captured are now in possession of a merchant named C. D. Metcalf, in Hydesville, Humboldt county, and if a little trouble was taken, the question would be set at rest whether Burton was the murderer of Mrs Long or not.

M. Haussmann, Parisians say, is the man who does not laugh.

The Trapper's Guide;

A MANUAL OF INSTRUCTIONS FOR CAPTURING ALL KINDS OF FUR-BEARING ANIMALS, AND CURING THEIR SKINS, WITH OBSERVATIONS ON THE FUR-TRADE, ETC. By S. NEWHOUSE. Edited by the Oneida Community. From Harper & Holman's, Portland.

This book is evidently prepared by a person of much wisdom in wood-craft. The information it contains is of a practical nature, affording very valuable observations on the habits of fur-bearing animals and the art of trapping them. Much valuable information is also given on the condition and extent of the fur-trade in America. Apart from the practical usefulness of its suggestions in affording instruction for the capture of animals, the book is an entertaining one for the general reader.

A LIBERAL CREDITOR.—A wealthy Englishman, said to have been at one time a member of Parliament, who was a conspicuous friend of the United States in England during the rebellion, bought a large amount of the early issues of five-twenty bonds. Some time ago he began a correspondence with the treasury department in reference to the interest on the bonds, dating his letters at Manchester. He said he thought the 6 per cent. gold interest too high and for his part he was willing to take half that amount. Within a few days the secretary has received another letter from the same gentleman, dated at a point in Pennsylvania, referring to his previous correspondence and inclosing a $1000 five-twenty bond and seven $30 coupons, which he returns to the goverment as settlement for the past and intimates a desire to have the matter so arranged in the future that he can divide the interest with the government each year, retaining only 3 per cent. himself. Mr. Boutwell has answered his letter thanking him for his great generosity, and asking him to visit Washington in order that the matter may be arranged as he desires.

NATIONAL TEACHERS' ASSOCIATION.—The next annual meeting of this body will be held in Trenton, N. J., on the 17th, 18th, 19th, and 20th days of August next. Arrangements are being made for the liberal entertainment of the members, so as to reduce the expenses of those who attend to the very smallest amount. Reduced fares will probably be secured over the principal railroads leading to place of meeting. The National Association of School Superintendents and the National Normal School Association will hold their annual meetings on Monday and Tuesday of the same week. The occurrance of these meetings in the same place will doubtless bring together a very large number of the leading educators of the country.

SCRIPTURAL MONOSYLLABLES.—To one whose attention has not been drawn particularly to the subject, it will be surprising to call to mind how many of the most sublime and comprehensive passages in the English language consist wholly or chiefly of monosyllables. Of the sixty-six words composing the Lord's prayer, forty-eight are of one syllable. The most expressive idea of the creative power of Jehovah, is expressed entirely in monosyllables; "And God said, let there be light, and there was light." One of the most endearing promises of Scripture is expressed in fifteen words, all but one of which are monosyllables: "I love them that love me—and those that seek me early shall find me."

QUAKING THE BROADBRIM.—The Quakers seem to be diminishing in their favorite home, the State of Pennsylvania. The *Friend*, their organ, says that since 1830 but five new meetings have been established, while thirty-seven have been abandoned. Of three hundred and sixty-three places of worship in the city of Philadelphia, only twelve belong to the Friends. Seven of these are Hicksite and five are Orthodox. The younger members of the society refuse to wear the old appointed dress, and are thus gradually led into approximation to the "world's people" or other religious bodies.

BURLINGAME'S REPLY.—Minister Burlingame rebuked the fa[illegible] who thought they "outranked" him in Paris, in the following style: "We Americans do not raise the question of rank. We recognize all gentlemen as occupying a common level. But if you raise the question of position, we outrank you. You are nothing but Dukes, Princes, and Counts. We belong to the royal family. We are the equal of our President. [illegible] are all heirs apparent to the throne. We stand for our order, and, if need be, we fight for it."

Mr. [illegible] of the N. York *Herald*, has presented [illegible] to the New York Fire Department in exchange for [illegible] fire at his residence last [illegible]. The watch will be [illegible] and the interest of those [illegible] will be spent annually in gold medals to be given to the [illegible] of the department who are entitled to receive them.

The New York *Herald* is out squarely against President Grant, and says that "his sole purpose has become puerile vanilla-ism; his common honesty is nepotism, or worse, and common sense is the quality of all qualities that the administration is most without." This is highly satisfactory. Now we are sure that President Grant has one thing in his favor—he will not submit to be blackmailed by Bennett.

SHREWD REMARK.—It is known that Ben Butler is not one of the oldest Republicans. Farnsworth, of Illinois, lately taunted him with the fact, referring to his own career in the party. Butler grimly replied that "some people seem to think a great deal more of Jubey than of Paul, because he was the older Apostle."

COOL.—Here is a French smoking-in-the-cars story. A gentleman entered a first-class car for Versailles, and lighted a cigar. "Monsieur," observed a fellow traveler, "you are not in a smoking compartment." "I know it. I never go into one. You don't know how cool it makes me to have to breathe others' smoke."

A liquid glue, far superior to mucilage, may be made by dissolving glue in an equal quantity of strong hot vinegar, adding a fourth pt alcohol and a little alum. This will keep any length of time when placed in closed bottles, and will be for horn, wood and mother-of-pearl.

RELICS.—Napoleon has given $10,000 for four medals of the third century, struck by the Emperor Alexander Severus, and found in the vicinity of the ancient city of Tarsus, in excavations recently made. They have been placed in the Imperial Library.

Dividends actually non-forfeitable.
Thirty days grace on the payment of all Premiums
After two annual payments the Company will, two years after the last payment, issue either a paid up Policy for the proportion of Premiums received, or pay the equivalent in cash
The rate at which we have been sending money East for Life Assurance will amount, with interest, to at least Ten Million Dollars by January 1, 1870. This sum, enormous as it seems, is totally eclipsed by the magnitude of the interest which the Coast is losing for want of it. For instance: Its yield in the East at 6 per cent. compounded annually for ten years, is $8,952,167 27; here at 12 per cent, for four years, and 10 per cent for six, compounded monthly, $25,890,906 62, or a difference of over eighteen millions!
With these facts in view what Company will likely pay the largest Dividend? The funds of the PACIFIC are all loaned at 1 to 1¼ per cent. per month
Of this large sum it is computed that Oregon and Washington Territory have contributed about one-fourth This involves the sending away annually, to keep up the Premiums on Policies already [illegible], at least six or seven hundred thousand dollars, which if continued will soon drain the State of all its cash. If to California, it finds its way back here for our productions, a market for which we must look for there.
The applicant need not wait two or three months to know if he is accepted or rejected, but can receive his Policy in less than two weeks, and in case of death the money will be paid to his wife in as short a time.

HYCEIAN HOME
WATER CURE,
637 California Street,
Opp. St. Mary's Cathedral, bet. Kearny & Dupont Sts.,
SAN FRANCISCO.

DR. BARLOW J. SMITH
WOULD RESPECTFULLY INFORM HIS FORMER patrons, and all who desire the professional services of a Hygienic Physician, that he has just returned from the East, after an absence of four months, during which time he has visited nearly all the Water Cures in the Eastern States, and the various Hygienic Establishments of New York City, Boston and Philadelphia; and with this new experience feels more fully prepared than ever to meet all the demands that invalids may justly claim who desire to be cured by this rational form of medication.
In January last DR SMITH purchased the extensive lot corner of Quincy and California streets, with the buildings thereon, which he has fitted up at great expense, for the accommodation of PATIENTS and BOARDERS, with a greater variety of baths for the cure of DISEASE as well as popular bathing than is to be found in any Water Cure in the United States.
HYGEIAN HOME is the only Regular Water Cure in San Francisco, and by far the most extensive and complete Hygienic Institute on the Pacific Coast.
And we offer to Ministers, Teachers, Lawyers, Miners, Merchants, Mechanics, Farmers, and all worthy persons, especially those who have tried drugs faithfully without being restored and who are still desirous of regaining health by this rational system of medicine, the hospitalities of our Hygienic Home and Cure. Young men who have become debilitated or lost their health by excessive toil, exposure or enervating habits, contracted through ignorance of physical laws, may with us find more of the encouragement they need, and means that will restore them to health, than elsewhere in California.
There is not one man in twenty sufferin; from Rheumatism, Neuralgia, Gout, or Diseased Liver, Chills and Fever, Dyspepsia, Drug or Secondary Diseases, Spermatorrhea or Seminal Weakness, Impotency or Nervous Debility, Weak or Inflamed Eyes, Bronchical and Catarrhal Affections, Disease of the Heart, Lungs, Kidneys, Constipation, Paralysis, Scrofula, Piles, Inflammation of the Bowels, Chronic and Acute Diarrhea, Stiff Joints, Oak Poisoning, Weak Backs, Hip Disease, Salt Rheum and many other Diseases common to Men and Women, that cannot be permanently cured in from two to six weeks by Water Cure and Hygienic treatment. Not only will they get cured, but they can learn how to keep well when they go to their mountain homes, their mines, their farms, their stores, and all this for one-half what it would cost to take drugs.
Terms $20, by the single week, or $60 for four weeks, Board, Room and Treatment (in all ordinary cases).
N. B.—All suffering from cutaneous diseases are treated in separate baths, which are never used by persons bathing for cleanliness The greatest care and neatness is observed in this respect No contagious diseases, such as Small Pox and Ship Fever, treated in the Institution.
We have a separate Medical Department for Ladies, which is attended by a thoroughly competent woman, while the private residence of DR SMITH, which is connected with the House is chiefly devoted to the accommodation Ladies desiring Hygienic medical treatment
We have for the past two years made the treatment of female diseases a specialty and have treated a great number of females, both in the Institute and in their private residences in this city Sacramento and Oakland, who were suffering from Displacements, Prolapsus Uteri, Uterine Hemorrhages, Sterility, Curvatures of the Spine, Inflammations Congestions and ALL NERVOUS DISEASES, together with diseases common to all
The ease and rapidity with which the varied diseases and conditions above mentioned have been overcome, especially in the vicinity of the Bay, fully warrant us in declaring that there is not one female in a hundred who is thus afflicted but that can be made well and happy in from three to six weeks by thorough Hydropathic and Hygienic treatment at our Cure From all who have come to us and been treated we have yet to learn a single regret from Husband or Wife of the time, means or trouble they expended in HYGEIAN MEDICATION, for they not only get well, but learn how to keep well.
Terms for ladies $20 a week or $70 for six weeks (Board Room and treatment
DR SMITH gives FREE Lectures to his patients every Wednesday evening, and those Lectures before the Ladies Hygienic Society the first Wednesday in each month. BARLOW J. SMITH M. D.,

FROM THE PACIFIC RAILROAD.—The following is a copy of a letter from Mr. W. A Buchanan, who left this city on the 2d inst., overland, for the Eastern States. It is dated "Ogden, Utah, June 8th:

Arrived here at four A M to-day, safe, but anything but sound. Our time to Indian creek—a station of one mud house and three tents—was only four days from Umatilla and six from Portland. Accommodations in the way of meals, very fair. The drivers are very careful and look well to the comfort of their passengers. Each man drives five teams and runs fifty miles.

The towns along the railroad consist of shanties—and rough board shanties.

The rolling stock of the Central Pacific Railroad Co. is infinitely far superior to that of the Union Pacific Railroad Co. The sleeping cars of the former are really magnificent.

Ogden is not on the line of the railroad, but 3½ miles distant. 'Tis an old Mormon settlement and a very pretty place. It lies in a valley immediately at the foot of a chain of mountains, the tops of which are covered with snow. We first of all went to Bishop's Hotel, but found it crowded and so proceeded to the Weber House. Everything is exceedingly novel to us. The Mormons are an industrious and obliging people, whatever else may be said of them. They have a line of telegraph extending through the whole territory, some four hundred and eighty miles.

There is an opposition line of stages running to Salt Lake, forty miles distant, and the fare is but $1 in currency, as is everything else. The Mormons have reclaimed a great deal of what was sage brush and turned the land into thriving farms. The weather is decidedly cool for this time of year, but then the altitude is so high.

The whole of the country between Boise and the railroad is mountainous in the extreme. Sage Brush, sage brush and alkali everywhere, interspersed with mountains that wouldn't support a goat. You can imagine what a relief it is to get among green trees and fields of corn, with no end of orchards. Strawberries and cherries are not yet ripe.

Coming from as distant a place as Portland I am quite a lion, and have to answer many inquiries about the place. Most of the people here are Scandinavian, Welsh and English. The men seem to be contented and happy, and the women, too, although I notice they work very hard.

A great many of the houses are built of a kind of adobe but very tastefully, and I should judge in hot weather they are nice and cool.

The Mormons are already already at work building a railroad from Salt Lake City and the switch via this place.

The price of living along the road is as follows: From Umatilla to Boise, 75c and $1 per meal, thence to Indian Creek, $1 50, currency. The charge for meals at La Grande, $1, is a robbery, but this is the only instance on the road where one does not get the *quid pro quo*.

I must say I prefer the overland trip many times over to that by sea, *via* San Francisco, even if I had to repeat it, and so says my wife."

COMPARATIVE PRICES OF FLOUR AND WHEAT.—The Alta of the 17th has the following in relation to the present crop and prices as compared with those of last year:

"The losses in the trade have, as a general thing, been fairly borne, although a few houses have gone down under new losses added to old troubles. We are now entering a new year, with as large a crop as last year, but with less exporting power. Until very recently broad wheat sown tracts were mostly without hope of harvest; but within three weeks, particularly on the San Joaquin, genial rains have fully restored the grain, and the crop will be equal to the last. The prices to-day, as compared with the same day last year, are as follows:

	Liverpool.	New York.	S. F.
1868	13s. 10d.	$2 65@2 80	$2 50@2 60
1869	9 5	1 60@1 70	1 50@1 60

The prices are about $1 lower here than in Liverpool. The price of gold was 140 last year, making the gold price in sack $3 15; it is now $2. It has, therefore, fallen more in New York than either here or in Liverpool. The crops now promise well abroad, quite as much so as they did last year, with this further advantage, that fair stocks have remained over, whereas last year they were quite exhausted. There is, however, always the contingency of injury to the English harvests up to the middle of August. As the grain approaches ripening, the danger increases. At present the prospect is not of a rise."

OVERLAND EXPRESS CHARGES.—A few days ago there was a report current that the railroad companies had greatly reduced the overland fares from San Francisco to New York and other eastern cities, and since that time there has been much uncertainty and some discussion as to what the fare does cost. The following from the San Francisco *Bulletin* of the 16th, is the latest authority we have upon the matter: "Through tickets between Chicago and Sacramento are announced by telegraph to-day to be selling at $158 35 in currency, and tickets to intermediate points at the same rate, which is a little over 6¾ cents per mile. The distance to Chicago from Sacramento is 2,346 miles, and the rate charged is about the same as the first price of tickets to Omaha, only 2,048. When the Central Pacific Railroad is completed, which will be in six or eight weeks, we presume the price of through tickets to San Francisco will be no more than at present to Sacramento, and possibly a further reduction may be effected by that time."

UP THE COLUMBIA.—From the Walla Walla *Union* we glean the following news items:

John Gleason was arrested on the 18th on an old indictment for the murder of a soldier named Clancy, about a year ago.

The pack trains are leaving for Montana and the upper country at the rate of two or three per day, loaded with flour, giving the market a little firmer tone.

The brass band lately organized at Walla Walla, has just received their instruments from New York, and will furnish the music for the celebration on the 5th.

During a thunder storm on Monday the 24th, a stable belonging to Mr. Thos. Tierney was blown down; damage, about $150.

Two hundred and fifty guns were fired on Tuesday night last, on Main street, when we became satisfied that the correspondents of the election of Mr. Garfield. There is a great scarcity of hands in the Walla Walla valley and fears are entertained that crops will perish in the fields for want of help.

NORTH PACIFIC RAILROAD SURVEY.—From Mr. Philip Ritz, who called upon us last evening, we learn that several of the directors and [illegible] men of the North Pacific Railroad Company are expected to arrive here within the next few days, for the purpose of making an exploring tour of the route from Puget Sound to Lake Superior. Upon their arrival here they will proceed at once to Olympia and to points down the Sound. Returning, they will go up the Columbia to Walla Walla and thence by way of Pen d'Oreille Pass, Helena and Fort Benton to St. Paul. Upon this trip the usual preliminary survey will be made preparatory to locating the actual route and driving the stakes. Mr. Ritz assures that the N. P. R. R. Co. means business.

A BEAUTIFUL FOUNTAIN.—Messrs. Alsiki & Hegele, since their removal to new quarters, have been fixing up their Ice Cream saloon in very tasteful style. The last addition is a rural fountain, the basin of which rests upon a vine maple stump, and upon the margin of which stand all sorts of plants, vines and shrubs, all moss or root covered with moss. The whole affair looks so much like nature that it is cooling and refreshing to look at it. Messrs. Alsiki & Hegele have started in to make their place beautiful and attractive, and they are likely to succeed admirably.

CIRCUIT COURT—UPTON, JUDGE.—The following were the proceedings in this court yesterday:

Isaac Anderson vs J. P. O. Lownsdale et al.; decree for plaintiff, quieting title to the west thirty feet of lot 8 in block 14, in this city.

City of Portland vs J. P. O. Lownsdale; decree for plaintiff quieting title to the east 70 feet of lot 8 in block 14, in the city of Portland.

Lyman Williams vs Edgar Poppleton; action for $20,000 for malpractice; jury empannelled and part of the testimony heard.

AGENT FOR BOARD OF UNDERWRITERS.—Mr. A. S. Mercer, who has the honor of being more than any other man the originator of the direct line of vessels between New York and Portland has recently been appointed agent at Portland and vicinity for the Board of Underwriters of New York. The document of appointment is signed by eight of the leading insurance companies of New York and the New England States. It was received by Mrs Mercer, yesterday. Mr. Mercer is expected to arrive here on or about the 1st of July.

ENTERTAINMENT.—We learn that Mr. Pierpont Thayer will give our people an entainment at Philharmonic Hall next Saturday evening, to consist of some of the finest [illegible] from Shakespeare, Longfellow, Whittier, Poe and other famous poets. Some of our best musicians have been engaged to give at the same time, several favorite and new musical selections. Mr. Thayer is one of our very best Shakesperian readers, and we shall hope to see the hall well filled.

A HUGE ERROR.—In our table of votes for city candidates, yesterday morning, we made a huge error in the majority for Levi Anderson. We are happy to say this error was that his majority was more than double what we gave it. It was well for the Judge that our mistake was not twice as large as we made it—in which case we would have "let him out" entirely, notwithstanding his popularity at the polls.

FAST WORK.—One of our friends being at the slaughter house of Messrs. Wyman & Keller, yesterday, saw a job of work done by a couple of butchers which he thinks hard to beat, and worthy of mention. The two men—Wheat and Marshall—slaughtered and dressed, ready for the market house, two bullocks, six sheep and two calves in about half an hour. We should say this was decidedly fast work.

A LARGE MIRROR.—The largest mirror ever brought to this city came up on the *Pacific*, for George Greene. It has been safely bestowed in Capt. Gilman's new brick building where George will in a few days open one of the finest saloons on the North Pacific coast. The glass is eight feet by twelve, set in a heavy black walnut frame.

THE following new books have just been received at the Portland Library: Prang's Chromo Journal; Juliette, or How and Forever; Glennaire, or Life in Scotland; Edelweiss; Vignettes of American History; Wonders of Heat; Thunder and Lightning.

HOTEL FOR SALE AT DALLES CITY.—To any one desirous of embarking in the hotel business, there is no better opportunity offering than the Globe Hotel, Dalles City, which is now doing a good business. We call attention to advertisement.

FROM VICTORIA.—The steamship *Geo. S. Wright* sailed from Victoria for Portland on Monday, and will be due here this afternoon. She will sail again for Victoria and Puget Sound ports next Friday evening.

PUGET SOUND.—Judge Olney, from Astoria, gave us a call last evening. We regret to see that the Judge is quite out of health yet.

FOR SAN FRANCISCO.—The steamship *Pacific* will sail for San Francisco at seven o'clock this evening.

LADIES.—The boys in the office herewith and herein return thanks to Phil. Saunders, the Marshal elect, for a keg of cool "bully lager beer," sent up yesterday. Phil's liberality will not be forgotten.

FREIGHT.—The steamship *Fideo* brought up about four hundred and eighty tons merchandise. There is now ready for shipment more than twice the amount of produce she can carry.

PATENT RECEIVED.—Mr. Jos. Buchtel, Photographist, has just received information that his application for a patent for an improved plate holder, has been granted.

BAILED.—Jack Brushard was yesterday bailed out of jail—the money, $1,000, having been deposited in court.

The Hon. Jno. E Sandford, Insurance Commissioner of Massachusetts, in his Report for 1868, speaking of Dividends in Life Insurance Companies, says: "The sooner such guarantees cease to be made, and such expectations created, the sooner Life Insurance will come to rest on its true motive and men insure their lives for security, and not for dividends. The best and most popular companies will then be those that promise only equity, and render all that they promise, and furnish the best security, with the most upright and judicious management."

"By the Stock plan, the full cash effect of the Premium is immediately secured to the Insured, the Company taking ALL the risk. By the Mutual plan, the full value in Insurance of the Premium paid, is not secured to the Policy-holder, who takes a portion of the risk himself."

Manufactory Established in June, 1851.
STEAM POWER, NOS 625 AND 627 FRONT ST.

HAS CONSTANTLY ON HAND GROUND AND ROASTED COFFEE, GREEN COFFEE of the best qualities CREAM OF TARTAR and SPICES of all sorts.
The undersigned, who has always enjoyed public confidence for the excellent quality of his Coffee, neglects nothing to justify the good name acquired by his productions, the sale of which daily increases. The acknowledged superiority of his merchandise, which commands here, and in the markets of the interior, a relatively higher price, excites the cupidity of some manufacturers, and every day he sees increasing the number of those who, by counterfeit or imitation of his mark, seek to deceive the public, palming upon them their inferior productions for the genuine G. VENARD CHARTRES COFFEE. This fraud can deceive nobody after a trial, but only adds to the favorable opinion of th consumers, the very flattering though unwilling testimony of the counterfeiters. Nevertheless, buyers should be forewarned, and placed on their guard against this practice.
BEWARE OF COUNTERFEITS.

The Daily Oregonian.

WEDNESDAY MORNING JUNE 22, 1869.

The Treasury and its Workings.

The New York *Times* has an article which gives an analysis of Secretary Boutwell's treasury policy, and shows that many features of it are in accordance with the plan suggested last winter by the New York Chamber of Commerce. The plan in question, with the extent to which it has been adopted, are thus illustrated:

Resolved, That the following plan be recommended to Congress, as a basis of action for the permanent settlement of our national finances:

1. Declare that when the debt is paid it shall be paid in coin.

This was done by Congress in the public credit act.

2. Legalize gold contracts.

This was done by the Supreme Court.

3. Introduce the strictest economy in every department of the Government.

This is being done as rapidly as possible; the results thus far are very gratifying, and the prospect of deficiency bills is not near so strong as it was ninety days since.

4. Refuse all subsidies and unnecessary appropriations.

This was strictly adhered to by Congress, even to the refusal of a number of appropriations actually necessary.

5. See that the revenues are economically, energetically and honestly collected.

The evidence of the adoption of this proposition is accumulating every day. The strongest fact is that whisky is now selling at a price which not only more than covers the tax and cost of manufacture, but which is enabling the leading distillers of the country to resume a legitimate business.

6. Use all the surplus revenue in reducing the debt.

See sinking fund item in cash balance in last debt statement.

7. Take away all power from the Secretary of the Treasury to make money plentiful or scarce.

This was done before the Chamber spoke at all on the subject. The only "power" the Secretary now has results from the legitimate workings of the Treasury. A large currency balance might make money scarce temporarily but the disbursements and the purchase of the debt would naturally remedy that before any serious inconvenience could be felt.

8. Let the people understand that while they need not fear rapid contraction, it will be dangerous to rely upon indefinite suspension.

The people already understand this, and their knowledge will grow with the growth of the fact that the debt is being reduced.

9. Limit the contraction entirely the first year; next year determine whether the country will bear a more rapid contraction.

The Secretary of the Treasury has no power to contract the currency, and he could only produce contraction in effect by taking up the three per cents. These come in slowly and are canceled. The operation being thus quietly conducted during "the first year," it will enable the Secretary to determine whether it had better be adhered to "next year."

10. Reduce the taxes so as to leave only surplus revenue sufficient to pay off annually a reasonable amount of the debt.

This has already been done. The legislation of the past two years has reduced taxes to the extent of one hundred and thirty millions of dollars per annum. The balance sheet of the fiscal year about to close will show a surplus, probably of twenty-five millions, or not quite one per cent. of the public debt. It will not be safe to reduce taxes further until it is apparent that the revenues of the coming fiscal year are largely in excess of the expenditures. The prospect for this at present is good.

The Texas Military Trial.

Great indignation has been expressed by the Democratic papers because a murderer in Texas is to be punished by the military authorities for his crime. We have the text of the Attorney General's opinion on this case, in which the constitutionality of the trial before the military commission is sustained. Reference is made to the recent decision of the Supreme Court which affirms that the reconstruction acts are constitutional; and it is shown that this trial by the military authorities is within the purview and under the authority of those acts. The facts in the case are succinctly stated as follows: "It appears by the papers submitted that the trial of W. [illegible] by the military commission was fairly and carefully conducted, and that the murder of which he was convicted was wanton and cruel. A freedman who had been to work for Weaver, and had chosen to leave his employment to go and work for another man, went to him in the field near his house in the morning, to ask for the wages that was due him. Weaver seized an ox bow and beat him severely with that. He then sent his hired man to his house for a double-barreled gun, loaded with buckshot, and on his return with it shot the freedman through the head, killing him instantly. There appears to have been neither provocation nor resistance. This atrocious act was committed in the sight of the wife of the murdered man, who stood by her own door. The finding of the commission has been approved by the Military Commander, and has been certified to be regular and proper by the Judge Advocate-General. I find no reason in law for the President withholding his approval."

"Just In Our Hand."

Under this caption the *Herald* of the 9th inst. published the following article. We reproduce it under circumstances which make it much more entertaining for all classes of readers than it was when first published:

Our morning cotemporary last Friday came out in favor of conducting the ensuing city election "on a party issue." That is just exactly in our hand. In that game we will hold both bowers, the ace and the face cards of trumps. In that game the Joshites will get worse suchered than they ever did before during the whole time of their unworthy and unprofitable lives. Let it but be once understood that at the city election our people will be expected to express their opinions *pro* and *con*, in regard to the 15th Amendment, and our neighbor will find out that in the Democratic line of voters will be found every laboring man, every business man and every man of a family, while in order to make the column of the Joshites extend to any respectable length behind the editor of the OREGONIAN, they will have to summons to their ranks Dr. Jim and the whole squad of niggers and Chinamen on Alder street. We thank the OREGONIAN for the suggestion, although we are not in any way particular, for in any event we propose to whip the Joshites soundly at our Charter election. But on such an issue as is proposed, we will whip so bad that the whole pack of them will have to lay in a complete stock of Dr. Jim's celebrated Radical Stomachic Teabitters in order to save them from completely wilting out. Let us have a party issue by all means.

The Fourth of July celebration at San Francisco has fallen entirely into the hands of the Confederates. The Republicans are not allowed to have anything to do with its management. The orator, chaplain, and all who are allowed to take a leading part are blatant secessionists. The Copperhead papers publish the notices and programmes as advertisements, at high rates, while the Republican papers publish them gratuitously as news. These Confederates are the same gentlemen who would not celebrate in 1861.

In General.

Won't Beriah score the *Herald* for the result of the election in this city? Look out for the *Press* of Saturday.

The *Herald* says "the poison of Republican victories has tainted the entire political atmosphere." There is rather an offensive smell arising from the carcass of the defunct Democracy, that's a fact.

The "Organ" mourns and will not be comforted. "We are forced," it says, "to the sad conclusion that the Radicals have won a double victory." Well, it does rather look like a "Radical victory," or what comes to the same thing, a Democratic defeat.

New York is beginning to be fairly alarmed by the continued and increasing prevalence of small pox. The disease was brought from Europe on emigrant vessels, in November last, and has been gradually growing of more alarming prevalence. The city has been mapped out, and each inspector has his district in which he is to vaccinate all persons who will allow him.

A company of Mongolians propose to go into Nevada county, California, to raise mulberry trees and silk worms. The county has called a public meeting to aid the enterprise, and a most notable Democrat, Mr. Watt, moves that a citizen be sent at once at the public expense to intercede with the agent to bring his swathy Japanese and all their household gods speedily to the classic Democratic region of Grass Valley. How now about Mongolian immigration? While Senator Casserly thinks our treaties with China ought to be revoked and the Chinese now here expelled from the country, his political brethren in Nevada county are organizing an immigrant aid society to bring into their midst a similar race from beyond the ocean.

The Nashville *Press and Times* has the following fiery paragraph: The last number of the Hartsville *Vidette* gives evidence that the young man who performs the editorial gymnastics of that lively little weekly squirt-gun has swallowed a shovel full of fire coals. We advise him to taper off by eating about one pound of Cayenne pepper, and wash the same down with Robertson county bonnie.

Autograph dealers have offered forty thousand francs for the papers and correspondence of Lamartine, but his family hold them at a higher figure.

Since the year 1835 George Sand received from her publishers upward of a million of francs. Every new volume of between three and four hundred pages which she writes is worth from fifteen to twenty thousand francs to her.

A lady of Portland, Me., remarked of the Rev Dr. Todd's unfriendly review of Miss Phelps' "Gates Ajar": "Let Dr. Todd write a book himself, and name it, according to his hard theology, 'The Gates Slammed to and Barred.'"

One of the most industrious writers that ever lived was Eugene Scribe, the French dramatist, who, in the days of Louis XVIII. and Charles X., used to write from twelve to eighteen dramatic pieces a year. At his death in 1861 he had written nearly four hundred pieces.

A DECIDEDLY UNRECONSTRUCTED REBEL.—The following extracts from a lecture recently delivered by Father Ryan in Atlanta, Georgia, before an enthusiastic audience, will be of some interest to Northern readers. The speech was specially reported for *The Methodist Advocate*:

They tell us to forget the past; to let bygones be bygones. But we cannot, we must not, we will not. There are too many ruins to remind us, and too many graves over our land, in the valley, in the shade of the wood, and around us to let it be forgotten. The future will yet bring the hopes of the past. There are those who will again be proud to wear the grey, and go forth to battle for the cause of the South. * * * Shall they drag us away from the grave of the "Lost Cause?" No! We will yet meet to worship there. That cause is not dead; it only sleeps. *Its Easter Sunday morning will come.* It will live again. It does live deep down in the hearts of the true and brave. * * * Some little boys love to be called little Southern Rebels. The boys are the fathers to men that are to be. * * * * Some men have been "reconstructed." Yes, of the smiter. We leave them. We would scarcely give them absolution. But there are others who cannot, who will not forget the past. Yes, there are mothers—thank heaven for such—mothers who are keeping alive and aglow, and aflame, the cause "lost" but to be regained. Yea, and know this: *Sometimes the whisper of a mother in the ear of a child to-day becomes the boom of a cannon a century hence!* The cause shall yet succeed, and when ever the man is will take up the flag again, and let the stars and bars [applause] wave over this land, he will find that there are more true, brave, patriotic men who are ready to rally around that standard, and do battle for the right. * * * I think I have given you all a dollar's worth of "disloyalty," and I must close.

When the pledge was being circulated at a temperance meeting a decidedly inebriated individual presented himself and offered his signature. The chairman remarked, "This is a very important step, my friend, and I trust you realize the responsibility you are assuming." "Oh, I can stand the (bic), 'sponsibility," was the response: "I've done it lots o' times before."

WHEAT FAILURE.—Private dispatches have been received in San Francisco from Europe stating that the wheat crop in that country will be very light, and in many localities an entire failure.

LAST NIGHT'S DISPATCHES.

Miscellaneous.

CHICAGO, June 21.—A special says that Commodore Ireland's recent order regarding a reduction of the clerical force in the various revenue districts saves the Treasury one million dollars per annum.

It is reported that Howard, Minister to China, has accepted the Land Commissionership of a western railroad and will resign the mission to China, in which case Ross Browne will probably be retained.

Hon. James R. Partridge sails on Wednesday. His first duty will be towards collecting certain claims of American citizens which were adjusted under the treaty made some years ago and not yet paid.

The President and family returned yesterday.

Several women in the Government printing office resigned yesterday because Douglass was employed there. The superintendent has dismissed several of the leaders in the movement against him.

The suit of Bradley against Fisher has been postponed one week, because Fisher is engaged holding court.

There was considerable excitement in Washington yesterday because the law allowing colored men to sit on juries took effect. Several negroes were summoned.

Parties concerning bogus claims to lay before the Commission which is to sit at Washington have been arrested. Americans are suspected of implication and are being watched.

The weather is excessively hot.

JACKSON, Miss., June 21.—In the case of Yerger for shooting Crane, it was shown to-day that the piano seized was not the property of Yerger. Crane knew the fact, but ordered the officers to make the seizure notwithstanding. It was further shown by correspondence that Yerger had offered to settle the claim of the city against him if the city would settle the claim he held against it for damages to property caused by the neglect of the city government.

ST. LOUIS, June 22.—It has been resolved to call a grand mass woman's suffrage convention here on October 6th, during the agricultural fair. All the woman's suffrage associations in the country are cordially invited to send delegates.

NEW YORK, June 22.—A Hong Kong letter of April 20th states that 29 articles, embodying highly important concessions, are to be added to the next Burlingame treaty. These are intended to afford better protection and commercial facilities to foreigners.

From Mexico.

NEW YORK, June 22.—The *Herald's* Havana special says the steamship *Cleopatra* from Vera Cruz has arrived. Despatches from the City of Mexico are to the 12th. It was reported that Minister Nelson would arrive at the Capital on the following day, and that he would be officially presented to Juarez on the 16th. Gen. Rosecrans would leave for Acapulco immediately. There was considerable excitement about the arrival of Minister Nelson. Foreigners expect either the annexation of Mexico to the United States or a protectorate over the Republic, and Mexicans are jealous and fearful.

BY ATLANTIC CABLE.

LONDON, June 21.—The announcement of the death of Henry J. Raymond creates a deep feeling of sorrow. The *Pall Mall Gazette* eulogizes Raymond as a publisher and journalist. It says the death creates a gap which cannot be filled. The *Daily Telegraph* publishes a similar article.

In the Commons this evening Sir John Gray, member for Kilkenny, asked the Government if there was any reason to apprehend further troubles in Ireland, and if the military force in that country were to be strengthened. Fortescue, Chief Secretary of Ireland, stated that the Government was informed that Mr. Johnson, a prominent Orange leader in Ireland, had called a meeting to celebrate the anniversary of the 12th of July. This was not an act of hostility to Government, but the practice of increasing the military force in Ireland about the time of this anniversary, was never more necessary than in the present year.

In the House of Lords to-night, Earl Gray gave notice that he would move to omit the Irish Church bill—that portion of the preamble which provides that property of proceeds of said church shall not be held nor applied for the maintenance of any church or clergy or other ministry or for teaching religion.

BERLIN, June 22.—The Zollverein Parliament having rejected the proposed duty on petroleum, Count Bismarck declared the Presidency of the Zollverein would not consent to any revision of actual duty, unless the chamber reconsidered its action. The duty on sugar had passed. The session will close to-morrow.

OUR SAN FRANCISCO DISPATCH.

SAN FRANCISCO, June 22.—Jas. V. Brown, native of Scotland, was drowned in the bay yesterday at four o'clock. He, with another man, was in a Whitehall boat, when the snow *Preserver* ran into them, and it is supposed that Brown was injured so he could make no efforts to save himself. The body is not recovered.

Five men named Cunningham, Smith, Scott, Cooper and Houston were arrested last night on the charge of burglary. They broke open and took possession of the dwelling of Mrs Nottingham, on Webb street. It is said they were employed by rival claimants of the lot. The first two are the men who were convicted in police court a few days since of beating a young man named Fuller.

STEILACOOM, June 22.—About 4:30 this morning quite a heavy shock of earthquake was felt at this place, shaking the building and waking those who were sleeping.

A SPLENDID NEWSPAPER BUILDING.—A. D. Richardson, who is writing a description of the Pacific Railroad for the New York *Tribune*, gives the following account of a newspaper office in the West:

The new office of the Chicago *Tribune* is the finest newspaper building in the United States. It is of white marble, finished interiorly in chestnut and black walnut, four stories high, and with broad, roomy halls and staircases. It cost $200,000; and the portions rented beside those required for the use of the newspaper, return ten per cent per annum on the entire investment. It is said that the profits of the establishment for fifteen months paid for the building.

THE BATHYBIUS.—According to the results of some recent deep sea soundings, it is announced that the bottom of the sea, at great depths, is covered by a continuous mass, extending over miles in extent, of what may be considered one single animal. It is thought to form the lowest stage of animal life on the globe, and is supposed to derive its nourishment directly from the mineral world, as in the case of plants. The new animal has been baptized by the euphonious name of Bathybius.

TO THE PUBLIC.

As a statement was made in the OREGONIAN of the 21st inst. which reflected upon my standing as a Democrat, I wish to state distinctly that I was not the sole author of the "Independent Ticket" which appeared on Saturday last, and which was run in the recent election; yet I would not disclaim it if it were charged upon me.

REPUBLICAN MAJORITIES.

Mayor, Goldsmith, 150; Recorder, Anderson over Lovejoy, 104; Marshal, P. Saunders over Jacobi, 444; Auditor, Caldwell, 239; Treasurer, Backenstos, 244; Attorney, Dolph, 240; Surveyor, Stevenson, 166; Street Commissioner, Shartle, 333; Assessor, Kilbourn, 168.

Councilmen—First Ward, C. Bills, 58; Second Ward, Walter Moffitt, 95; Third Ward, D. C. Lewis, 111.

There were a few scattering votes in the Second and Third Ward for what was called the "Independent Ticket."

FROM ASTORIA.—The *Commercial* has the subjoined item from Astoria: Captain Flavel is now engaged in laying down iron pipes through the streets of the town, to supply the inhabitants with water, which will be brought from the springs situated along the base of the hills to the east of the town.

Capt. Smith, one of the Pilot Commissioners is now in Astoria, on business connected with the Board of Pilots. A good joke was recently perpetrated on the Captain. He brought a favorite dog down with him, which by some means got estranged away. The Marshal discovered him without any certificate of exemption from the examiner of the inexorable dog "killist" in the shape of a collar. He was seized, impounded, and only escaped hanging his life by the prompt payment of two dollars on the part of the Captain, who declares he can't see it.

The Occidental Hotel, kept by S. N. Arrigoni, formerly of this city, the best north of San Francisco, the house and furniture of which has cost not far from $80,000, is now nearly completed. It is kept in first-class. Portlanders and web-feet generally, who come down to sniff some of old Neptune's salty breezes, and live in his refreshing floods, can be assured that this hotel affords all the desired accommodations imaginable.

Forrer & Co. have leased their saw-mill for a term of years to Herd & Co., of Albany, Linn county. It will be thoroughly repaired and some new machinery added, and can cut, when ready for operation, from 50,000 to 60,000 feet per day.

The Congregationalist Society, are now having plastered and finished their new Church building.

Occasionally a case of assault and battery occurs to give our Police something to do, and to also vary the dull monotony of life here by a small spice of fun. Wm. McCrea, was arrested for an assault on John Chance, who it is said was chanced to offend him, and was taken before his "Honor," and the small sum of six dollars and costs imposed, which with reluctance McCrea forked over."

ARRIVAL OF THE PACIFIC.—The N. P. T. Co's steamship *Pacific*, Wm. Metzger, commander, arrived from San Francisco at 5 o'clock P. M. yesterday.

Memoranda—Left Company's wharf at San Francisco June 17th at 10:30 A. M.; docked off Meiggs' wharf until 5 P. M.; cleared the bar at 5:30 P. M., same day; passed Columbia river bar June 21st at 8:30 A. M.; arrived at Astoria 5:45 A. M.; left Astoria at 5:45 A. M.; arrived at Portland at 5 P. M. same day; experienced high northwest winds the entire passage.

Passenger List—Hon G W Williams and wife, Chas. Miss L Crosby, J Levy, S F Stint and wife, J J Springer, Mr Harris, David Blanchet, Mrs F Abrahamson, S F Butler, Mrs M Bagley, F M Warren and wife, Miss E Bond, A Pe—, Mrs S Brierley, F C—an, Rev W H Hilbery, Miss Ida Sweet, J G Elliott, wife and child, H E Ba—ley, A P Ankeny, J B Wyatt, N Haas, Rev H Borios, T A Gillespie, H Richards, Mr L Holmes and wife, W L Hawley, Jas N Cole, H Osborn, M G Quilcucy, W P Morgan, Miss Nettie Coffin, Miss J S Patterson, Capt John H Ward, U S H I W S P C, M A Hawley, J S Buster, Mrs J S Morgan, J L Barnard and wife, Col. West, (W F & Co's messenger) and 51 in the steerage.

RESOLUTIONS OF CONDOLENCE.—At a special meeting of Concordia Grove, No. 1, U. A. O. D., held at their hall on Monday, June 21st, A. D., 1869, the following preamble and resolutions were unanimously adopted.

That it has pleased an Almighty Providence to whose wisdom we must submit, to take from our midst our beloved brother, M. Fogelsk; therefore be it

Resolved, That we tender our most heartfelt sympathy to the bereaved wife and family; that we have lost in the deceased a true brother, a warm and sincere friend whose loss will be deeply felt by all, and whose memory will live with us forever.

Resolved, That a copy of the foregoing shall be forwarded to the bereaved family, and that these resolutions be advertised in the *Daily Herald*, OREGONIAN and the weekly Oregon *Deutsche Zeitung*.

ELECTION OF OFFICERS.—At the regular semi-monthly meeting of Post No. 22, Grand Army of the Republic, held Saturday evening, the 19th inst., the following officers were elected to serve the ensuing term beginning July 1st: Commander, H. B. Patman; Senior Vice Commander, Junior Vice Commander, M Illsley; Quartermaster, J H. Martin; Surgeon, Dr J. M. Mack; Chaplain, Rev Dr. Wythe; Sergeant Major, C E. DeBoise; Q M. Sergeant, J. P. Fort. Next regular meeting Saturday evening July 24, at which time the installation of officers will take place.

PERSONAL.—Senator Williams and wife arrived home yesterday afternoon by the steamer *Pacific*. In the evening the Senator was serenaded at the Cosmopolitan by the Mechanics' Brass Band, the compliment being tendered by the Republicans of the city. He made a brief speech in response.

Gov. Ballard of Idaho arrived in this city Saturday evening, and is stopping at the Cosmopolitan. He will remain till Thursday.

FIGHTING AT THE POLLS.—There was but little disposition to fight at the polls, yesterday, in either of the wards, till late in the afternoon, when the war spirit got a little rampant at the Second Ward polls. There were, however, no real live fights that amounted to much, though there were many scrimmages in which the parties got black eyes or "busted" bugles," or something of that sort. Altogether the election was not near so boisterous as many that have preceded it.

DEAD SALMON.—A gentleman who lives up the river informs us that the shore all along from Oregon City to Milwaukie, and even below, are almost lined with dead salmon. He counted yesterday on one short piece of beach just above the White House, nine salmon carcasses, swollen, festering and stinking. This information will doubtless be savory to people who use river water.

BURIAL.—The burial ceremonies of Mr M. Fogelsk were attended yesterday by a large concourse of people, including delegations from the Order of Odd Fellows, the U. A. O. D. and one or two other orders, of which he had been a member. The bereaved family has the kindest sympathies of the community.

ARRIVAL FROM THE COLUMBIA.—The schooner *Una*, yesterday, discharged a cargo of half bargels salmon from one of the Columbia river fisheries. The Captain informs us that salmon are becoming extremely scarce, and that but very few are now taken.

FALSE ALARM.—The fire bells called our citizens up at a little after midnight. All were glad to know the alarm was false.

JUBILEE.—The victorious Republicans of this city went on a jubilee last evening. They got the Mechanic's Brass Band out, and serenaded Senator Williams, Mr B. Goldsmith, the Mayor elect, and several others. There was an immense concourse of people on the streets, and among them, more glad faces than we remember ever to have seen in the city of Portland.

GONE FROM OUR GATE.—Mr. Turner of the *Sentinel*, who has been in this city for several days, left for home yesterday morning. Mr. T. is a genial gentleman and during his brief stay here he won many friends who think he will do to tie to, and who will join with us in wishing him all good luck through life.

REGATTA FOR THE 5TH.—We have been requested to suggest to the boatmen of this city that they organize a regatta for the 5th of July. We learn that there are eight or ten sail boats and pleasure craft which might enter such a contest. It would make an interesting feature of the day's celebration.

U. S. DISTRICT COURT, IN BANKRUPTCY, JUNE 21.—The following are the proceedings of yesterday:

Benj. Stark vs. L. M. Starr; motion to strike out part of answer allowed.

Charles Reming admitted to citizenship.

Adjourned until Monday next.

TO SAIL.—The steamer *Guide Telfair*, Sholl, commander, will sail for Victoria and Puget Sound on Saturday, the 26th inst.

The steamship *Pacific*, Wm. Metzger, commander, will sail for San Francisco on Wednesday, the 23d inst.

STAGE FARE REDUCED.—Mr. Whitehouse, Agent for the Oregon and California stage line, informs us that the fare for through passengers to San Francisco has been reduced to $45. This is a reduction of $10 on the through fare.

EXCESSIVE HEAT.—For several hours yesterday, the thermometer in the shade stood 90 to 94 degrees. At 5 o'clock P. M. it stood at 91 and 92. Yesterday was the hottest day of the season by at least four degrees.

COMING.—A gentleman of this city showed us, yesterday, a telegram from Ben. Holladay, stating that he would leave San Francisco for Portland by the steamer *Oriflamme*, on Thursday next.

We, the undersigned Committee appointed to decid upon the merits of the washing done by Kane's Condensed Soap with common Boiler, and the Automatic Boiler, decide that the washing done by KANE'S CONDENSED SOAP is the best, doing the work in a superior manner with less labor, no rubbing being done in using Kane's Soap; but that borax was used in the Automatic Boiler.

"LIFE SAVINGS AND LOAN BANK."—The people of the city patronize the OREGON DISPENSARY in order to save money and procure a loan of longer life by using our FRESH, PURE and RELIABLE remedies, which are daily dispensed and prescribed by the MOST RESPECTABLE and TALENTED PHYSICIANS in the city. Every body takes a pull in patronizing our Store and thereby obtain DIVIDENDS by purchasing not only their medicines but also their toilet articles and other *notions*, too numerous to mention. People say it is a pleasure to get sick and be cured at the Oregon Dispensary.

It has a Paid-up Capital of $1,000,000.
It offers Low Rates of Premium.
It furnishes Larger Insurance than other Companies for the same money.

It is a Home Company in every locality.
Its Policies are Exempt from Attachment.
There are no Unnecessary Restrictions in the Policies.
Every Policy is Non-forfeitable

No Extra Rate is charged for Risks upon the Lives of Females.
Insures Not to Pay Dividends, but at so low a cost that dividends will be impossible.

Its Policies are Negotiable.

By the Charter of the Company, certificates of obligations will be issued, agreeing to purchase its Policies at their value which, when accompanied by the Policy duly assigned or transferred, are negotiable, and may be used as collateral security, in making loans from the Company or from other parties.

The Hon. Jno. E Sandford, Insurance Commissioner of Massachusetts, in his Report for 1868, speaking of Dividends in Life Insurance Companies, says: "The sooner such guarantees cease to be made, and such expectations created, the sooner Life Insurance will come to rest on its true motive, and men insure their lives for security, and not for dividends. The best and most popular companies will then be those that promise only equity, and render all that they promise, and furnish the best security, with the most upright and judicious management."

"By the Stock plan, the full cash effect of the Premium is immediately secured to the Insured, the Company taking ALL the risk. By the Mutual plan, the full value in Insurance of the Premium paid, is not secured to the Policy-holder, who takes a portion of the risk himself."

G. VENARD,

CHARTRES COFFEE!

Manufactory Established in June 1851.

STEAM POWER, NOS 643 AND 643 FRONT ST.

HAS CONSTANTLY ON HAND GROUND AND ROASTED G. VENARD COFFEE of the best qualities. CREAM OF TARTAR and SPICES of all sorts.

The undersigned, who has always enjoyed public confidence for the excellent quality of his Coffee, neglects nothing to justify the good name acquired by his productions, the sale of which daily increases. The acknowledged superiority of his merchandise which commands here, and in the markets of the interior, a relatively higher price, excites the cupidity of some manufacturers, and every day he sees increasing the number of those who, by counterfeit or imitation of his mark seek to deceive the public, palming upon them their inferior productions for the genuine G. VENARD CHARTRES COFFEE. This fraud can deceive people after a trial, but only adds to the favorable opinion of the consumers the very flattering though unwilling testimonies of the counterfeiters. Nevertheless, buyers should be forewarned, and placed on their guard against this practice.

BEWARE OF COUNTERFEITS.

Each package bears the signature of G. VENARD.
